I don't use it I never use it.

How do you use these tools (in a few words) Mindmap:

To organise vocabulary I use it at the begining or at the end of the lesson like a brainstorm or a revision When I run a brainstorming session. As scaffolding.

How do you use these tools (in a few words) Concept map:

To summarise lessons I use it at the beginning or at the end of the lesson like a brainstorm or a revision I never use it. We normally use them at the end of a unit in order to assess what and how st ...

How do you use these tools (in a few words) Online grammars:

to review grammar points Students use it at home to revise I never use them. I like my students to use online grammars to check different concepts, to revise or to practice from time to time. We normal ...

How do you use these tools (in a few words) online collaborative projects:

to enhance horizons I never use it I never use them. I'm really into collaborative projects and my idea is to join any of them next course. I think it is a great way to motivate our students to learn a ...

How do you assess that your students use them appropriately? Dictionary:

I correct their spelling mistakes and write their marks. But I prefer to do with the whole group, we correct all together. I don't assess them. I don't assess dictionary use specifically, but the only ...

How do you assess that your students use them appropriately? Online translator:

--- I don't assess them. It's not very difficult to notice if a student has used an online translator so, any time this happens, the activity is considered to have been failed. I usually make my stud ...

How do you assess that your students use them appropriately? Spell checker:

--- I don't assess them.

How do you assess that your students use them appropriately? Mindmap:

Self-assessment. This process develops pupils awareness of their own abilities and teaches them how to assess themselves. I don't assess them.

How do you assess that your students use them appropriately? Concept map?

Self-assessment or with an examination. I don't assess them. Quantity of concepts and the relationship among them.

How do you assess that your students use them appropriately? Online grammar:

Self-assessment I don't assess them. From time to time, I ask my students to look for some specific information about a grammar point. Afterwards, students themselves have to explain what they have fo ...

How do you assess that your students use them appropriately? Online collaborative projects:

--- I don't assess them. I have never joined a collaborative project. Checking the different activities from the project, and participation of our students.
